DesignBundles and CreativeFabric contain affiliate links for your convenience (which means if you make a purchase after clicking a link I will earn a small commission but it won't cost you a penny more)!

Leave the designing to me and skip to the fun part - making things!

I have a passion for words and fonts and know how to mix & match them to create visually pleasing layouts. In addition to selling digital designs for crafters I have experience licensing my art for products sold in stores and online around the globe - so I know what works.

There are so many bad (and boring) files out there it's sometimes hard to know who to trust with your hard-earned money. I hope I can become a go-to source of quality designs that cut well and leave you free to create to your hearts content!
